Remote Control and Loss Prevention Security Cables

**These cables keep small devices and electronic equipment where they belong,
protecting you from problems caused by lost and stolen components.**

**The coiled security cables are 1/16" steel, vinyl-coated to 1/8" thick,
in various lengths listed below. You can attach any of the tabs and ends
to each end of the cable, depending on how you need to secure your property.**

**To specify your cable you add one cable tab or end to the cable size, then add the other cable tab or end.
You can use any of the tabs or ends on both ends of the cable.
The price is the cable price plus the price of the two tabs or ends.**

A 5 ft coiled cable with a small tab on one end and a loop on the other end is part # TCC5LP @ $4.50
